Charter  
Strategic Plan 2018-2020  
Action Plans 2018  
“Walking in the Footsteps of Jesus”  
“Ngaa Tapuwae o Hehu”

First and foremost every Catholic educational institution is a place to encounter the living God who in Jesus Christ reveals his transforming love and truth.

A genuine and ongoing encounter with Christ gives rise to a desire to know more about him and his teaching. Facilitating that encounter is an essential function of the Catholic School. Without it the student will not have a passion for these things which pertain to Christ and his Church, and religious education will have little effect on the heart, the mind and the will.

## **OUR CHARTER**

This Charter establishes the Vision, Aims, Objectives, Strategic Direction, Annual Plans including the Targets and Priorities in annual action plans. There are six key drivers, five key values and the SCCS Learner profile which underpin and support the development of St Columba's Catholic School.

## **OUR VISION**

*St Columba's Catholic School is a learning community walking in the footsteps of Jesus to fulfill the key aspects of Mission, Education and Service.*

## **OUR VALUES**

- Love:** Whakahoanga: We care for everyone, include others and show empathy
- Care:** Manawa: We support everyone to strive for personal excellence
- Respect :** Whakaute: We show self control, integrity and take responsibility for our actions, property and environment.
- Honesty:** Atawhai: We help others to grow their confidence and resilience.
- Faith:** Whakapono: We will show our faith - Head, heart and hand to others.

## **OUR LOCAL CURRICULUM**

The main focal point of our St Columba's Catholic School Curriculum is the three pillars. These form the touchstones of learning at St Columba's. The three pillars (Mission, Education and Service), as gifted by the Mission Sisters, have not altered since the school was established in 1925 and still adheres to the founding charism of our school.

Over the last 12 months, through strategic review and the development of the graduate profile, we have identified our desired outcomes and attributes of learners to achieve those outcomes. We have achieved this by exploring pedagogy and practice within each pillar to supports learners on this journey.

## **LOCAL FUNDS AND RESOURCING**

The Board of Trustees undertake the responsibility to resource the school appropriately and maintain a programme of self revidw on meeting all legislation regulations, e.g. personnel, property, finance.

**This charter will be annually updated**

## CULTURAL DIVERSITY AND MĀORI DIMENSION

### CULTURAL DIVERSITY

All cultures within the school will be valued and celebrated through active encouragement of a school ethos that encourages student diversity. Students are encouraged to share and be proud of their cultural heritage. Staff members will ensure that students from all cultures are treated with respect and dignity, and will actively work towards high standards of achievement from all children irrespective of cultural backgrounds.

### MĀORI DIMENSION

SCCS School will develop an awareness and understanding of Tikanga Māori and provide the means of fostering cultural understanding and responsive pedagogical practice consistent with the Treaty of Waitangi.

What reasonable steps will SCCS School take to incorporate Tikanga Māori (Māori culture and protocol) into the school's curriculum?

- We expect staff to acquire greater knowledge of Te Reo Māori and Tikanga.
- Programmes will have a Māori dimension wherever possible, through greetings, commands and language related to everyday labels for objects and concepts.
- Components of Tikanga will be incorporated into learning areas as appropriate to the topic and level and Marae visits.

What will St Columba's School do to provide instruction in te reo Māori (Māori Language) for full time students whose parents ask for it?

- All such requests will be given full and careful consideration by the Board of Trustees, with regard to personnel with the requisite skills and qualifications, the overall financial position and availability of accommodation within the school.

What steps will be taken to discover the views and concerns of the school's Māori community?

- A Māori Pasifika Liaison person reports to the Board once per term.
- The school will consult with the Māori community through the Māori Liaison Person (James Barnes?) and through management initiatives such as newsletters and informal discussions through maintaining an open door policy.

# Our Local Curriculum

The main focal point of our St Columba's Catholic School Curriculum is the three pillars. These form the touchstones of learning at St Columba's. The three pillars (Mission, Education and Service), as gifted by the Mission Sisters, have not altered since the school was established in 1925 and still adheres to the founding charism of our school.

Over the last 12 months, through strategic review and the development of the graduate profile, we have identified our desired outcomes and attributes of learners to achieve those outcomes.

We have achieved this by exploring pedagogy and practice within each pillar to supports learners on this journey. The first part of the document is a large body of work that we completed in 2017 details each of the characteristics. Following this you'll find a synthesised summary of what each of these pillars encompasses. This forms the reference point that we will be using as a visual in our classroom.

# St Columba's Catholic School Graduate Profile
